

AMALJITH P V

PALAKKAD, KERALA (PIN: 678572) 9744084190 | amaljithpv789@gmail.com | [linkedin.com/in/amaljithamal](https://www.linkedin.com/in/amaljithamal) | GitHub: <https://github.com/amaljith4190> |

OBJECTIVE

Aspiring data analyst with strong skills in Python, SQL, and data visualization tools like Power BI and Tableau. Passionate about AI, automation, and machine learning for data wrangling, ETL, and predictive modelling to deliver actionable insights and support business decisions.

INTERNSHIP

Blue Kode - Python Programming Intern | April-2023 – May-2023

- Optimized Python scripts for automated data wrangling, preprocessing, and ETL with Pandas.
- Worked with team to streamline data workflows, improving efficiency 20%.

NXT Logic- Full Stack Development | May-2023 – May-2023

- Built web applications using Java for front-end and back-end integration.
- Gained experience in database handling and restful services for web development.

EDUCATION

- **BSC Computer Science with Data Analytics**
AJK College of Arts & Science, Coimbatore, Tamil Nadu, India (Bharathiar University) | 2022-2025
- **Higher Secondary School (Biology Science)**
Parali Higher Secondary School Palakkad Kerala India | 2020-2022

PROJECT

BIG DATA FOR CRIME DATA ANALYSIS

- Designed an end-to-end crime analysis system using Python, MySQL, and Scikit-learn.
- Performed data cleaning, data wrangling, and predictive modelling integrating AI automation and machine learning.
- Built Power BI dashboards for crime hotspot detection and forecasting.

EXPLORING THE EFFECTS OF CLIMATE CHANGE ON AGRICULTURE WITH DATA ANALYTICS

- Developed predictive models using Python and regression techniques to estimate future crop yields based, Leveraged AI-based forecasting and automated pipelines.
- Visualized climate trends using Seaborn and Tableau to assess potential agricultural impact.

CERTIFICATIONS AND RECOGNITION

- Oracle Certified Foundations Associate: Oracle
- Power BI For Beginners: Microsoft (Dynamic Dashboard, Dax, data modelling, Automation)
- Diploma in Cyber Security
- Training Certification: Infosys's

SKILLS

- Programming Languages: Python, R, SQL.
- Data Processing and Analysis: Pandas, NumPy, Excel.
- Data Engineering: ETL, Data Cleaning, Data Wrangling, Automation workflows.
- AI & Machine Learning: Scikit-learn, Regression, Classification, Predictive Modelling
- Visualization Tools: Tableau, Excel, Power BI, Matplotlib, Seaborn.
- Soft Skills: Team player, Communication, Problem-solving, Critical thinking.
